Paul Mitchell The School Jessup

UNSCHEDULED CLOSURES

The School as a rule generally follows the closing of the Howard County Public Schools System for weather. If the Howard County Schools are closed or delayed due to weather, so is the School. Day-time students are advised to consult their news channels or the school's website as far as day closures. We will make every effort to also have a pre-recorded message on our phone line to pertaining to closures and/or late openings. Evening and Saturday Students should check the news and internet for closures occurring on evenings and Saturdays and if Howard County public schools are not in session during the evening or Saturday they should phone the school for a pre-recorded message. Facebook may or may not always be an option due to internet connections and/or failures.
